JULY 2022

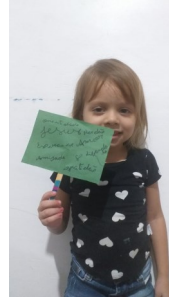

Hi everyone. Hope you are doing well and enjoying your summer with family and friends. Thank you so much for your support. I really appreciate it. The Lord is doing a lot here. It's great to be participating ! So, an update on the chairs situation. We have finally set upon a plan which will entail flying to Santa Cruz Bolivia . Anthony and his helper and I will be going sometime in September. The ministry in the US will be shipping a shipping container full of wheel chairs including the motorized chair for Anthony.

So, It's with mixed emotions to report that Amanda has passed away and is with Jesus now. She had been in the Hospital for almost two months trying to recover from pneumonia. I visited her before the National Conference in June. It was rather awkward. She did not say much. I new she was not happy being away from family and friends. Visitation was by appointment only. So, she didn't receive a lot of visits. At the beginning of July she was put in ICU. She stayed in the unit until she passed. During a time praying for her I imagined her being with Jesus. It was difficult to know how to pray. So, I continued to pray for her recovery. It's bitter /sweet. She is with Jesus but, she has left family and friends that miss her deeply. She was a good friend to many. At the end of the day she is with Jesus and that says it all.

Work was done to put a roof over the entrance of the Vinyard Macapá church. This will prevent the rain water from flooding the church.

Ok my friends, Thanks for your prayers for the Wheel chair project. There is a plan in place. All the details of the shipment have yet to be determined. I will keep you updated.

Pray for our health. We are experiencing another wave of sickness in the church. Christopher's family has been suffering quite a bit.

Lord Bless each and every one ! Bob Leshner
