AUGUST 2022

Hello my friends, I hope you are doing well. As always, thank you for your prayer and financial support!

This month I have several things to report. First, The wheelchair ministry in the United States is planning to ship the chairs from Charleston S.C. to Chile on September 17th. It could take 3 to 4 weeks travel depending on weather and traffic conditions at the Panama Canal . The chairs will be transferred to a truck for the overland phase of the trip to Bolivia. Then, processed by customs at the Bolivian border. Then they will be delivered to “La Rocha” , the church in Santa Cruz. Upon arrival at the church, we will be notified. Then, we will make our flight plans. Please pray with us for God’s blessings for a successful voyage!

Next, we have a new construction project started. We are remodeling part of the church property to construct two rooms for Children's Ministry! The children's ministry is booming! The rooms will also be used for small groups and for meetings. The man in the photo is Francisco. He is doing a great job! He has been coming to services and our small group. His son has been helping with the construction and also attends our small group.

Ok friends, a lot is happening! Please pray for us!

3rd, The outreach ministry has begun at the Vineyard Macapá. It consist of weekly community invitations to services and a monthly outreach to connect with the community by offering some type of food or snack. The photos below were taken at the first event.

I had a blast! Playing with the kids and connecting with adults.

Two people show up for services and our small group.  
We were all pumped!
