## NEWSLETTER

April 2023

Hello everyone thank you for reading the newsletter. As always, thanks for your monthly support!

Well, I hope you are enjoying the Spring weather. We've had some nice cool weather this rainy season, but recently it's been pretty hot! Ok, last time I talked about both churches. This month I want to focus a little more on Vineyard Macapá which is the church I am focusing on.

This church is growing! Our adult group has had 15 to 21 adults recently. Some are visitors and others may continue attending. We have four service ministries including: Greeters, Communion, Children, and Church Cleaning. A recent addition is a prayer intercession group that will be meeting on Friday nights. Our Street ministry will be starting soon! So there is a lot happening with this church.

We have some construction projects planned for later in the year. Recently, though, we needed to do some work in back of the church building to prevent our neighbors house's from being flooded when it rains.

So, these are the Highlights. But, as you know growth brings challenges. So, I would ask for prayer for our leadership team. There is warfare going on with everyone. So as we move forward, please pray for wisdom, guidance in decision making, and our health! OK

Thanks again for support. You all are apart of what is happening here! May God richly bless you as you serve our Lord Jesus.

Bob Leshner

Léo and Lêda, just came back from a much needed vacation. They went to Santarém to visit Léo's mother. (86) This is a great couple. They love people and do it very well! Please keep them in your prayers!

This is a recent photo of the adult group.

Above LEFT(L-R) Eliete and her husband Gabriel, Daneil and his wife Stefany. These two couples have really jumped in as I mentioned last time.
