## NEWSLETTER

JULY 2023

Hello everyone! This is the latest newsletter. Thanks so much for your interest and your support for the ministry! I want to let you know that I will be home this coming September. If you are interested in connecting while I'm home, you can respond to the email and we can make some arrangements to connect.

This month I want to talk about what has happened as a result of the "Love in Action" ministry. We made a connection with a woman caring for nine children. She came to the event just to receive prayer. She is in a desperate situation. Some of the kids are not hers. She seems to be a single mom caring for her kids and some neighborhood children. Me, Léo and Lêda paid a visit to her house. We wanted to see her living conditions; see what her immediate needs were; and start to establish a relationship with her. So, as you can imagine, her house is not a good living situation. Dark and dingy and bad construction. The water line from the well pump has two bad slices in it. This causes the pump to run longer than needed. Open electric wires within reach of little hands. Léo was able to return the next day to work on the most needed safety problems. We also have donated food to cover them until the women gets paid from her work. We will be picking up the children for Children's Ministry on Wednesdays and Saturdays. So, this will be an on going situation to see how we can assist. Please pray for this family. We want to see how the Lord will improve this situation! Ok Friends thanks for your time! Bless You

Bob Leshner

Léo was able to get a discrete photo of the house and some of the kids.

This is the latest photo of Children's Ministry. Please pray for Luana and the ministry team!
