NEWSLETTER

MAY 2024

Hello everyone! Thank you for taking time to read the newsletter and connecting . I hope your doing well and experiencing the Love of Jesus in new and wonderful ways. As always thank you for your support. I really appreciate it.

I've been out of town for about 35 days. Just got back on the 13th Of June. A member of my Brazilian family was married on the 18th of May. It was a great privilege to attend and see Wilas and Sandy exchange their vows before the Lord.

The Vineyard Brazil National Conference was in Altamira this year. So, it work out that I was able to combine both trips into one.

The speakers were from Chile, which was a unique experience for me. I was listening to the speakers in Spanish then, the Portuguese translation. My brain was pretty mushy after each session.

The conference was really good. The theme was one heart one voice. There were many opportunities for personnel ministry. Both giving and receiving. I had a moment when I new the Holy spirit wanted me to pray for a man. I was reluctant at first, maybe because of my mushy brain or being timid. I finally did. He was having difficulty being timid when he preached! So, I totally understood that! I spoke to him from my experience. We prayed together. I think he was encouraged by what I said. So, it was good for both of us.

Above is the team from Macapá.

The last night of the conference we had a communion service. Derek and I helped.

Below is my friend Alessandro. I was able to spend some time with him. He has a cousin who is battling a terminal lung disease. He requested that we pray for her. So we went to her house and spent time in prayer for her. Later he stated she seemed to be improving when we last spoke. Praise God!

Maria and Louro. Very Proud parents. But, Maria is sad because all her kids are leaving the house. Next year Yara will be next.

Her boyfriends is best friends with Wilas. They planed a proposal for Yara in secret. No one new. During the bouquet toss, Sandy faked a toss, she went to Yara handed the flowers to her, lead her by the hand to her boyfriend who was waiting with a little box. He opened it. Bent to one knee and proposed. The Place went BANANAS! It was so much fun! Ok friends, Bless you all!
