## NEWSLETTER

may 2025

Hi everyone. Luana and I are working on May and June newsletters. In May I had to return to the US suddenly. My brother passed away after many years of health problems. So, I returned and stayed for a month. It was good to see family and friends.

The three photos below are from "Schmidt's" restaurant. Last furlough the whole family went there with me. This year I went three times with my sister and her husband Kenny. I've really enjoy going there.

The photo to the left has been a home away from home in Morrow County, Ohio. I've enjoyed good dinners, conversation and pastoral views, and morning walks to reflect on life and what God is doing. Mike Baird has been a close friend for many years.

this was in front of the "Kroger's" in Newark, Ohio where I have another home away from home at Bryan and Karen Hunter. I was letting them know I was ready to be picked up. This is another place of refreshing conversation, lots of fun and at times Karen's great cooking! Nowadays we eat out. LOL

This is a Mexican restaurant in Grove City, Ohio where I ate lunch frequently last furlough. It was a favorite of my brother and his wife.

Ok my friends this is what I was doing in May. It was a time of reflection that I wanted to share with you. The June letter will be coming soon to update you. Thank you for your support. I am praying for your breakthrough! God Bless you! Bob Leshner
