## NEWSLETTER

February 2026

Hello everyone, we are in the midst of the rainy season. It is raining a lot recently. I want to thank you for your interest in the ministry. Thanks for taking the time to stay informed on what is happening here. This months letter is about the roof project. It is underway despite the rain. The workers are working early mornings to late afternoons with out lunch to make progress between the rain showers.

The photos below tell the story. They are digging the foundation for walls and columns. There are two pictures of a side project. We are extending the roof line from the pastors house to the children's ministry rooms to make a temporary gathering area to hold our Sunday services while the church project is being constructed. After the church is completed this area will serve as a garage and work service area. The gentleman in the photo is Francisco. He has been apart of the church in the past. He has helped us with other construction project in the past. Because of personnel struggles he is facing, he is not currently attending group or church services. We love Francisco. He is a very special man. We want the best for him. So, pray for God's grace to reach his heart.

Ok my friends. Just another update. Please pray for the project. Pray for our members. Life here is a daily struggle for basic things for many of them. I'm praying for you as well! Blessings, Bob Leshner
